As Told by Coyote

Piano accompaniment,
along with recorder, rattles,
clacker, and drum.

Coyote made the first people and they were the animals.
Then he made the human people from mud and sticks.
Then he brought light (He Koo Las, the Sun Woman)
And fire (he sent Hummingbird to steal it),
The oak tree (for acorns to make food),
Tule reeds so that the people could make houses and boats,
The elderberry bush to make music.
